

# "I CONTROL ALL THE PORK."

SIR THOMAS LIPTON.

**Tea Man Declares He Will Not Put Up Prices Too High.**

LONDON, Oct. 11.—When questioned regarding the pork corner, to-day, Sir Thomas Lipton said:

"**You, it is a fact that I control to-day generally all the pork in the United States. I have no intention of raising the price to an exorbitant degree.**

"**I am positively satisfied to make a fair profit out of the deal and I shall do all possible to avoid causing serious trouble to those who sell short.**

"**In fact, I let some go the other day in order to save a few thousand dollars.**

## LIPTON'S RACER WILL BE NAMED SHAMROCK.

LONDON, Oct. 11.—Sir Thomas Lipton, in an interview on his challenge for the America's Cup, to-day said:

"My respect and affection for the New York Yacht Club, which I regard as the premier yacht club of the world, prevents me from saying anything about my challenge, except that it is not at all controversial and that I have every reason to hope it will be promptly accepted.

"I do not quite know how the news leaked out, for I have not challenged by cable and the letter containing the challenge is probably only just being delivered. As a matter of courtesy I desire that the contents of the letter be given over to the New York Yacht Club rather than my myself.

"Yes, I have every reason to believe I stand a good chance of winning, for I would not challenge unless sure I could get a better boat than my last."

"Moreover, I know I have got to get the very best going in order to achieve a triumph over the wonderful energy and skill of the Americans, for whom no one has greater admiration than I. Realizing this, I have been working steadily for months to perfect my arrangements.

"I now believe that both the boat and the men next contesting for the America's Cup will be an improvement over my first attempt.

## FILIPINOS ARE LIVELY.

Attacking at Many Points and Use Our Tactics.

(Passed by the Censor)

MANILA, Oct. 11.—The west coast of the Island of Leyte is in a state of tumult, the rebel Ladrones are actively plundering, the disturbers following our tactics, raiding and attacking and then retreating to the garrisoned towns, while the Americans pursue in the mountains.

Gen. Motica's officers are surrendering and his soldiers, attempting to escape to Samar in boats, are being captured and his organization broken up.

The captured guerrillas and Ladrones when questioned stated that on the 5th inst. thirty Americans attacked forty-five rebels, and riddled their stronghold in the Camarines province, routed them, killing ten. Two Americans were killed and three wounded.

Twenty men of the Thirty-second Infantry in an engagement on the 10th inst. in Ratan province had one man killed and four wounded.

The Philippine Commission, of which Judge Taft is the President, this morning passed eight bills of minor importance, including an increase of civil salaries of several of the municipal departments, including the navy school teachers; the organization of the Mining and the Forestry Bureau, appropriating \$150,000 in gold for the construction of a garbage crematory at Manila, and the reorganization of the Insular Auditor's office.

Wright's bill asking for a million dollars in gold for the completion of the public works for Manila harbor improvements elicited comments from the representatives of Manila's International Chamber of Commerce to the effect that, as the merchant had long been paying a special import duty to this end, merchants should receive a board controlling the construction, that as the United States had collected the \$60,000 in gold since the occupation, by improvements, the improvements, he failed to see the necessity of the appropriation of insular funds, and suggested the use of a special fund.

The discussion was deferred until Friday.

### HER WINNING HAND.

"Already I have served four wits, but have received no certificates. I don't think Mrs. Hart will ever give up a cent of what Schreiber gave her."

"The bank will have to prove that he gave her the money first."

"She said to me: 'I bought these things with my own money, and I'll hold on to them.'

The officials of the Elizabethport bank to-day announced that the exact amount of Schreiber's defalcation was \$106,715.15.

"We are all out to make money," said Schreiber's money that bought her jewels and her furniture?"

Miss Harris Listens to Evidence Against Him at the Inquest.

MISS NETTIE HARRIS.

### \$60,000 FOR GEMS.

Their most important find was at the jeweler's establishment of J. Becker & Co., 225 Fifth Avenue. It was admitted there that the Hart woman had \$60,000 worth of gems in the form of a safe which was still pending payment of \$100,000 still due, and for \$60,000 contracted within two years.

Schreiber had introduced the woman there as Mrs. Schreiber and established a credit. After she had been blanched in her bath, the white soiled

she lost an opportunity to "make good" and pressed her credit to the limit.

She bought lavishly, and when she purchased \$60,000 worth of gems, she paid \$100,000 for the return of several thousand dollars worth of the goods to avert attachment.

The paper was served on Jerome Coen, manager of the Forty-eighth street, on Seventh avenue.

From the stable party went to the New Amsterdam Bank, where they learned that Schreiber had a safe deposit box and Mrs. Schreiber a savings account.

The bank officials declined to give information and refused to accept a writ of attachment. Judge Gilhooley said he had reason to believe that the bank had been defrauded from \$100,000 to \$200,000 with the institution, and to-day he will make repeated efforts to fit it up.

"Circular Joe" Venable was last visited at Morris Park and served with a writ of attachment to be served to the bank.

When the doors of the court were opened the room was quickly filled and then closed.

Before the beginning of the day's session of the inquest the corridors outside of the Coroner's Office was filled with a curious crowd eager to gain admission and hear the expected evidence which would fasten the crime on Fred Scharn.
